History:

Roaring Lion was launched in the US in 2001 by some of the team who introduced Red Bull to the US. Due to its extraordinary growth Roaring Lion is currently one of the top selling energy drinks in the US market.

In Need of Energy?

Drink a Roaring Lion when you need four to six hours of energy. It also works as a detoxifier for your body. When the human body is mentally or physically fatigued, the ingredients in Roaring Lion work together to deliver a scientifically proven energy boost.

What Roaring Lion Does:

Working synergistically, The Lion's ingredients create scientifically proven positive effects on the human body. These include:

Physical:

- Enhances physical stamina and vigor
- Faster elimination of bodily waste
- Activation of metabolism

Mental:

- Improves performance
- Sharpens reflexes and mental focus
- Enhanced well-being

Who drinks Roaring Lion?

Anyone who needs energy. Busy professionals, active students, long distance drivers, athletes and others who require a boost of energy.

Available in 250ml cans (24 pack).
